In her book, **The Santa Story Revisited: How to Give Your Children a Santa They Will Never Outgrow**, Arita Trahan offers good news! She introduces an expanded Santa story -- with all of the magic and none of the pretense.

Both memoir and how-to book, Trahan presents a compassionate and encouraging examination of the cultural phenomenon that is Santa and sets forth a clear and simple solution to the perennial dilemma of parents who wish to protect their child's innocence. It is a playful perspective that keeps us in integrity and makes us more

fun at the same time.
